REQUIRED BY INSTALLATION
CONTRACTOR. TOUCH UP PAINT SHIPPED
WITH TANK.

SHIPPING LUGS AS NEEDED

Technical drawing of a rectangular frame. The overall dimensions are 36'-8" in width and 12'-0" in height. The drawing shows a central rectangular area with a dashed vertical line and a solid horizontal line. Labels include 'A' for vertical dimensions, 'B' for horizontal dimensions, and 'C' for corner details. The frame is composed of multiple layers, with a central core and outer borders. The drawing is oriented horizontally, with the width dimension at the top and the height dimension on the right.
