

grease interceptors

**flat strainer baskets****HT-2818****PRODUCT DETAILS**

Flat Strainer Baskets (FSB) are designed to reduce the amount of coarse and fine solids discharged from a FSE. FSB can be used for both kitchen retrofits and new construction. They are usually installed under the dishwasher pre-rinse sink where dirty dishes are pre-rinsed. Our flexible design allows for connection to any sinks with over 4" of height adjustment.

The removable strainer tray dewateres solids for easy disposal as garbage or compost. The unit has a see-through plexiglass cover for easy maintenance. Left or right outlet ports and stainless steel legs with adjustable foot pegs for leveling make installation easy. FSB are available in two popular sizes and can be customized to meet your specific needs.

*Economical  
& Effective  
Pretreatment*

**Advantages**

- » Removes nearly 100% of the solid food waste from FSE drains
- » Constructed of durable stainless steel and other corrosion resistant materials
- » Easily accessible for maintenance and cleaning
- » Saves money on water & electricity
- » Eliminates costs of cleaning pipes and/or holding tanks
- » Helps keep the grease interceptor clean and minimizes pumpout frequency
- » Available in many standard sizes - custom manufacturing is also available

Model Capacity	Dimensions		
	Length	Width	Height
FSB-1	18"	20"	17.25"
FSB-2	12"	16"	17.25"
