SPECIFICATIONS FOR OIL/WATER SEPARATORS

Highland Tank proudly offers a complete library of specifications for our products.

Our specs provide detailed information on our products. The specs are designed to assist the engineering community in their commercial and institutional projects.

In addition to a wide range of standard specs, Highland Tank also offers CSI specs written in accordance with MasterSpec Format.

CSI Specifications for Oil/Water Separators can be accessed upon registering for our My Highland Tank portal: <https://www.highlandtank.com/my-highland-tank/>

Upon registering for the My Highland Tank portal, you will also have access to other tools like revit-compatible files and 3D interactive models.

Our team has many years of experience working on oil/water separator projects. We are happy to discuss your projects and designs.

Call 814-893-5701 today or visit us at www.highlandtank.com for more information on wastewater treatment systems.
